

STANDING **TALL** IN THE FACE OF EVERYDAY **GIANTS**

BRAVE

GAME- **WHO ARE THEY?**

Learning points:

Sometimes we jump to conclusions too fast about who we think people are judged only on a small part of their character or appearance. Talk about the danger of social media and how damaging that can be with people being judged only on appearance- think Jesy Nelson from LittleMix who was driven to attempt suicide by online trolls.

How to play:

- Use PowerPoint or similar, to create picture quiz rounds asking the youth group to identify people they should recognise – e.g. you could have a celebrity round, a leaders round, etc.
- However, don't make it too easy... Rather than showing normal pictures of people, zoom in on specific features such as an eyebrow, nose, or hairline. See if they can recognise the person in the image from such a zoomed in snapshot!
